Hello,

Can you please deploy the HOPE team to this location? The tents have been blocking the driveway and mailboxes for weeks. Cc'd on here is the senior led officer for the area, Veronica Padilla.

This location is located directly in front of the refresh spot. Is there any way that resources can be deployed to this area more regularly?

Thank you,
Edna

Officers,

We have clusters of tents in front of our gate, and we are helpless. We have to pay our taxes soon, and this situation has made our business impossible to run. Our customers, our mailman(woman), all visitors, etc. have been afraid to come here. Something as simple as dropping off mail has been difficult for our mailman(woman) since the tent has been set up to close or many times blocked our mailbox. Safe access to the sidewalk is not possible. Due to these increased tents in front, the trash and sanitation issue has gone up exponentially. This environment is not safe for any of us.

Please help us!!

Re: 550 Crocker Street

opens up the room for more tents to set up in front. Today, she has completely blocked our mailbox, so our mailman couldn't deliver the mail in our box. He had to drive into our lot because he was scared. He was nice enough to ask us to open the gate. Some people just leave.

The new person has brought huge boards to set up in front and right next to our gate.

There is no safe access to the sidewalk.

We cannot access our gate locks safely.

The conditions are getting getting worse and worse.

Please help us!!!

Officer Padilla,

Thank you for the information. We are aware that you are not responsible for sanitation issues and that it's impossible to move the tents in this area. We just wanted to express how difficult it's been getting. I'm sure you are aware it's getting worse in this area.

Does the 10 feet rule not apply anymore? All the tents in front of our building are well within 10 feet.

In addition, we are trying to pressure wash our gates daily because the homeless are using the gates as a restroom stop. The smell is terrible, and the urine corrodes our gates. Therefore, in order to take care of this issue, we have to try and clean the gates. We have asked the tents in front to move because we have to clean. We have signs up, so they are aware. However, they refuse to move. Is it okay if we pressure wash even though the water may seep into their tents?

I know it's a very difficult task for everyone, and we truly appreciate your help.

We have no one to talk to ask for help except for you. We truly appreciate how responsive you have been and for your willingness to help. Even the city doesn't care about the businesses here.

Please continue to help us!

Thank you!

I am so sorry you are going thru this. Central division officers do their best with the limited personnel that is deployed on a daily basis. Our RESET officers (Officers dedicated to Skid Row) are tasked with blocking the streets for Sanitation from Monday-Friday for the Watershed Operation. After those duties are done they are able to handle radio calls. There is also one unit deployed to this area but because the area generates multiple calls on any given shift requiring Code 3 response (High Priority calls) it is hard to get to the non emergency type calls. Once the officers respond to the non emergency calls, sometimes the Suspect or the problem that was reported is no longer there. You also have to remember that we as officers are not here to "move" individuals. We are not responsible for the Sanitation issues in Skid Row either but we can make requests just like you on 311. Sanitation needs to take responsibility for that component in this area. The Officers are responsible for the Crime that occurs in the area. The only thing that we as officers can do is ask the individual if they can move. If they refuse it is not a crime to do so. The Courts have allowed the homeless to live on the sidewalk within Skid row area. Other areas outside of Skid Row are also experiencing this crisis.

I do my best to remind Linda to allow room on the sidewalk. I am trying to connect her with housing but that seems to have been taking a while due to the waitlist.

Senior Lead Officer Padilla

Central area, LAPD

Dear Officers,

We had to call in recently because one of them started using a sledgehammer and blot cutter to break into the city light's power. He had all the tools that would make it very easy to break into the building.

During the day, they hold a mini barber shop and leave all the trash in the street. In addition, they continue to dump all the trash next to the big tree in front and use it as their restroom. This is super unsanitary.

It's so tough for us.

Please help us!!
